The screenshot displays a mobile application interface for a '게시판' (Board) section. At the top, there is a navigation bar with icons for back, forward, and search, along with system status indicators like battery level (95%) and time (오후 2:05). Below the navigation bar is the main title '게시판' with a dropdown arrow. A red vertical line on the right side of the screen indicates the edge of the device.

The main content area shows a list of posts:
